

## INSEPARABLE 2019

GUALTALLARY

### *100% Malbec*

Inseparable comes from the heart of the 2 blocks planted down in the main Monastery vineyard.

Traditionally VSP trellised, it sits over calcareous sands and gravels and therefore is a low yielding vineyard that finally ends in a limited number of bottles annually. This is a 100% Malbec from the most renowned appellation today in Argentina as well as one of the best terroirs in South America. Harvested at the end of March by hand, the grapes were destemmed and vinified with minimal intervention in small 3,000 litre concrete vats. 2019 was a cold and dry year, which allowed high acidity levels along with moderate sugar content. After 35 days of extended maceration with the skins, we racked the wine and aged in the same cement vats for 12 months, after which we bottle without any fining or filtering. The wines of this vintage are very fine and precise, with great aging potential. We are very happy and being our second harvest of Inseparable, the improvement in the wine give us optimism about the huge potential seen in the vineyard.

*Total production vintage 2019:*

*7700 bottles of 750cc.*
